The instructor was as expert on the subject matter. He presented the material in a very interesting and understandable way. His presentation was extremely effective. The use of real life examples helped me to understand how the material would apply to my particular position at my company. The instructor had also taken time to understand our company and how it worked and was able to use examples specific to our particular jobs at MCHCP. The instructor allowed us to ask questions and still managed to stay on task and meet all deadlines. This course has allowed me to gain knowledge regarding HIPAA that I would not have gotten from other classes.

The combination of the course book chapter reviews, PowerPoint presentation slides and instructor notes were extremely helpful and prepared me for the Certified HIPAA Privacy Expert (CHPE) certification exam. I'm confident I'll excel in the Privacy related responsibilities associated with my new role.
